WHITE CASTLE, THE COMPANY

When Antonio Vanoni and his wife founded LA NORDICA SAS in 1966, they had an incredibly innovative idea for that period; they wanted to make high-quality soaps in a range of unique choices.

Since then the company, following the inclusion in the management of the 3 daughters **Emanuela, Paola and Patrizia**, has been able to consolidate and to grow, promoting the philosophy of Made in Italy day after day. Thanks to their management and philosophy, the three sisters have made it possible to carry on an important path of innovation and digitization.

Embodying our ethical business conduct, this philosophy is a fundamental value that guides all our choices and actions. Our company is particularly aware of the importance of **environmental sustainability**, and helps to further better environmental protection by supporting sustainable development.

Today the company has a predominantly female workforce and the White Castle philosophy is based on the idea of offering natural and/or **natural-based cosmetics**, promoting the value of craftsmanship, and selecting only **high-quality raw materials**.

With strong **ties to the local community**, and a **focus on quality service**, opportunities for **modernisation**, and **strong customer relations**, White Castle is confident about the future and more committed than ever to realising its goals.

One of our greatest strengths is the excellent relationship between our employers and customers, enabling us to develop projects, ideas, and new products to continue to consolidate our market position while delivering the highest standards of **quality, efficiency, and service**.

THE WHITE CASTLE PHILOSOPHY, THE NATURAL CHOICE

Our Environmental Policy

At White Castle we have a new way of doing business, and our growth is the result of **ethically and socially responsible choices**. We place a complete focus on **natural properties** when manufacturing our products, and we also strive to achieve **eco-compatibility**: La Nordica buys clean energy that favors the production of electricity from renewable sources, whose generation does not cause the emission of gases responsible for the green-house effect.

Safe, Effective and Efficient Products

The White Castle Research & Development laboratories have perfected a comprehensive range of skincare and beauty products made with **innovative, delicate, and effective formulas** to offer an extensive choice of cosmetics that retain their natural qualities.

100% Made in Italy

White Castle firmly believes in the value of products made entirely in Italy, protecting jobs, and supporting the **"Made in Italy"** concept. An important choice that attests to the company's ethical management policies.

Animal Protection and Respect

White Castle is for people who are passionate about looking after themselves naturally by using quality products that have not **been tested on animals** in accordance with international law. We at La Nordica welcome and fully comply with current regulations.

Our Pink Quota

White Castle believes in women. Half of the positions in our company are held by women. Whether it be on the production line, in the offices, or the boardroom, women play a key role in all our decisions.

QUALITY, RESEARCH, AND FORMULATIONS

The excellent quality of White Castle products is a priceless mix of:

- **Nature**: which gives us our fine-quality ingredients;
- **Tradition**: which provides all the necessary know-how and expertise; and
- **State-of-the-art high-tech solutions**: which help us to make safe and effective natural cosmetics.

Every product made in our laboratories is created with artisanal care and technologically advanced equipment while maintaining the highest standards of hygiene for all machinery and packaging methods. Careful search of raw materials: all ingredients used by the company are strictly selected.

- **Fragrances**: these all comply with IFRA standards and many are allergen free to meet the needs of delicate and sensitive skin.
- **Plant-based surfactants**.
- **Natural vegetable oils**: pure cold-pressed oils.
- **Sustainable and cycling up raw materials**.

THE FORMULA FOR A SAFE AND EFFECTIVE PRODUCT:

- **No ingredients of animal origin**
- **No petrolatum or mineral oils**
- **Paraben free**
- **SLS and SLES free**
- **Nickel tested**
- **Dermatologically tested**

OAT EXTRACT

- From certified organic agriculture
- Oat from Tuscan-emilian Apennines
- Solvent free – low environmental impact
- Soothing and moisturizing properties

ART. 1080
VITAMIN C

- Highly functional vitamin C complex
- Anti-oxidant, illuminating properties
- It helps in improving skin elasticity
- Fresh citrus scent

ART. 1081
MIX OF FRUIT AND AHA

- Cultivated in Italy
- CIRCULAR ECONOMY: waste of organic grape skins and wheat bran
- Apple and lemon • Natural AHAs
- Skin renewal exfoliating effect

ART. 1083
VEGETABLE COLLAGEN

- From corn, soy and wheat protein
- Alternative to traditional collagen
- For consumers careful to animal rights
- Moisturizing and conditioning properties

LIQUID SOAP

- VEGETABLE/NATURAL ORIGIN INGREDIENTS
- WITH GLYCERINE
- MILD SURFACTANTS FROM RICE OIL
- PHYSIOLOGICAL pH

ART. 1090
OAT EXTRACT

- From certified organic agriculture
- Oat from Tuscan-Emilian Apennines
- Solvent free – low environmental impact
- Soothing and moisturizing properties

ART. 1092
VITAMIN C

- Highly functional vitamin C complex
- Anti-oxidant, illuminating properties
- It helps in improving skin elasticity
- Fresh citrus scent

ART. 1091
VEGETABLE COLLAGEN

- From corn, soy and wheat protein
- Alternative to traditional collagen
- For consumers careful to animal rights
- Moisturizing and conditioning properties

VEGETABLE SOAP BARS

- FROM VEGETABLE OILS
- SUITABLE FOR EVERY SKIN TYPE
- WITH GLYCERINE
- EDTA FREE

ART. 1086 OAT EXTRACT

- From certified organic agriculture
- Oat from Tuscan-Emilian Apennines
- Solvent free – low environmental impact
- Soothing and moisturizing properties

ART. 1085 VITAMIN C

- Highly functional vitamin C complex
- Anti-oxidant, illuminating properties
- It helps in improving skin elasticity
- Fresh citrus scent

ART. 1087 RED ALGAE

- With red algae “flakes”
- Skin renewal exfoliating effect

BODY LOTION

- NATURAL VEGETABLE ACTIVE INGREDIENT CONSISTING OF HUMECTANT AND MOISTURIZING AGENTS
- OAT EXTRACT
- RICE BRAN OIL
- VITAMIN E

ART. 1075 OAT EXTRACT

- From certified organic agriculture
- Oat from Tuscan-Emilian Apennines
- Solvent free – low environmental impact
- Soothing and moisturizing properties

Naturality > 97%

SOLID SUSTAINABLE COSMETICS

A NEW WAY TO WASH

Solid sustainable cosmetic

- Solid detergents of natural origin
- Specific effective plant ingredients
- Practical, ideal for travels
- Shampoo and bath and shower to hang with 100% natural cotton ribbon

THESE ARE NOT SOAPS!

- **BIODEGRADABILITY:** biodegradable ingredients
- **LOW CONTENT OF WATER:** the use of water, a precious natural asset, in the formulation is reduced to a minimum
- **NO PLASTIC - REDUCED WASTE:** we do not use bulky plastic containers but cardboard obtained from plantations managed in an ecologically correct way
- **LESS POLLUTION:** the weight and volume of transported products is much lower than liquid products

SOOTHING sensitive and stressed skin

Cereal with extraordinary soothing virtues, useful for calming redness even on sensitive skin. The Rice line consists of some products made with a **DELICATE FRAGRANCE** for those who love a pleasant scent on the skin and of other **FRAGRANCE-FREE** products for more sensitive and stressed skin.

FRAGRANCE FREE ultra mild

Very sensitive and delicate skin should try to avoid as much as possible the use of cosmetics with **PERFUME** since fragrance is made up by many substances including allergens that could create discomfort, redness, skin irritations. That's why White Castle created its first **FRAGRANCE-FREE RICE** line completely without perfume, ultra-delicate, suitable for the whole family.

Vegetable soap specific for underarms and feet
Formulated with the addition of eco-friendly "smell absorbing" ingredient, which captures unpleasant odors. Thanks to the balanced combination of different essential oils it gives a pleasant feeling of freshness and comfort. Ideal for underarms and feet, daily use.

It is ideal in the kitchen to remove the most difficult odours such as garlic, fish and onion. Thanks to an environmentally friendly, of natural origin (castor oil) and readily biodegradable odour absorber, able to "capture" bad odours, inactivating them, without releasing them, it cleanses hands leaving them soft and delicately scented.
